Dear Sir/Madam

NOMINATION OF AVENUE OF TREES, KEW RESIDENTIAL SERVICES, MAIN DRIVE AVENUE KEW TO THE VICTORIAN HERITAGE REGISTER

I have received a nomination to include the above place in the *Victorian Heritage Register*, which identifies and protects places and objects of state cultural heritage significance.

In order to determine whether the place is of state cultural heritage significance, a member of Heritage Victoria may request to visit your property

When a place is nominated I have three options open to me; I can:

- decide that the place does not warrant inclusion in the Heritage Register;
- instead of recommending to the register, refer the nomination to the relevant planning authority for protection under the local planning scheme; or
- recommend to the Heritage Council that the place be included in the Heritage Register.

If after investigating the nomination I am of a mind to recommend inclusion in the Heritage Register I will consult with you about just what is being registered and the kinds of things that can be declared exempt from the requirement to obtain a permit from Heritage Victoria.

I have included a form for you to confirm that you have been advised that the place has been nominated. If you have any queries about the process which are not covered in the accompanying documents please contact Joanne Boyd, Registrations Co-ordinator on 03 9655 9730 or email joanne.boyd@dse.vic.gov.au.

Yours sincerely

Ray Tonkin
